WORK EXPERIENCE

Oregon State University   Corvallis, OR
CEOAS Undergraduate Learning Assistant   Sep 2025 - Dec 2025

- Supported instruction in an upper-division GIS course by assisting students with ArcGIS Pro, ArcGIS Online, and Dashboard development.
- Guided students through data preparation, workflows, and Web GIS development.
- Facilitated group work and contributed improved guidance and example materials to strengthen GIS-to-Web GIS workflow comprehension.

Oregon Department of Fish and Wildlife   Coquille, OR
GIS Student Internship Project   Jun 2022 - Aug 2022

- Conducted electrofishing surveys to monitor native Coho salmon populations and remove invasive Smallmouth Bass in the Coquille River Basin.
- Recreated the historical environment in Blender for visualizations.
- Presented project findings and visualizations at the American Fisheries Society Oregon Chapter meeting, March 2023.
